

**Sloughhouse Resource Conservation District
Board of Directors Meeting**

Agenda Date: May 26, 2026
Agenda Item #: Report B
Agenda Item Subject: Cosumnes Stream Gage Project

To: SRCD Board of Directors
From: SRCD Staff

Background

All project sites have been approved by DWR and contract amendments have been executed.

Cultural report has been completed and received from Applied Earthworks.

Permits:

- Army Corps accepted a “No Permit Required” letter from SRCD, which exempts us from needing a Nationwide 5 permit and for initiating Section 106.
- LSAA permit has been resubmitted and is under a 60-day review period, with expected issuance by July 15th.
- WDR’s have been submitted with the cultural report and should be issued within 30 days.

Tribal Engagement:

- Section 106 no longer needs to be formally engaged
- With CEQA exemption, AB 52 does not need to be formally engaged
- SRCD will provide tribes with cultural report and offer to informally engage, but there is no longer a need for SRCD to have formal tribal engagement.

Discussion:

- Any questions from Board members are welcome

Recommendations

- None
