**Background**

The SWEEP Block Grant Program initial phase has officially opened with a deadline of May 15<sup>th</sup>. Staff will be pursuing a block grant application and connecting with local partners.

SWEEP provides financial assistance to implement on-farm irrigation improvements that reduce water use and greenhouse gas emissions. Funding can be used to install or upgrade equipment and systems that improve irrigation efficiency and reduce energy consumption.

**Latest Update**

Admin Consultant signed an agreement with Bowman Consulting for \$9500 for support of grant submission for Phase 1. We were invoiced for \$7600 by Bowman for Phase 1.

Phase 1 application was submitted on May 15<sup>th</sup> and was received by CDFA. Notifications for those moving onto Phase 2 should be coming in June.

If SRCD is selected for Phase 2, a Board resolution acknowledging that SRCD is capable of managing and financially supporting this grant is needed for the application submittal.

As of June 9<sup>th</sup>, no notifications from CDFA have been given.
